Independent Auditor's Report

To The Board of Education of the
Collins-Maxwell Community School District:

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Collins-Maxwell Community School District, Maxwell, Iowa, as of and for the year ended June 30, 2006, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of District officials. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business type activities, each major fund and the aggregate remaining fund information of Collins-Maxwell Community School District as of June 30, 2006, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated August 21, 2006 on our consideration of Collins-Maxwell Community School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 4 through 14 and 32 thru 33 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Collins-Maxwell Community School District's basic financial statements. We previously audited in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2005 (none of which are presented herein) and expressed unqualified opinions on those financial statements. Other supplementary information included in Schedules 1 through 4, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BRUCE D. FRINK
Certified Public Accountant

August 21, 2006

COLLINS-MAXWELL COMMUNITY SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

Collins-Maxwell Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2006. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

2006 FINANCIAL HIGHLIGHTS

- General Fund revenues increased from \$3,872,527 in fiscal 2005 to \$4,135,259 in fiscal 2006, while General Fund expenditures increased from \$3,929,008 in fiscal year 2005 to \$3,958,829 in fiscal 2006.
- The increase in General Fund revenues was attributable to increases in state funding and tuition revenue. The increase in expenditures was due primarily to an increase in the negotiated salary and benefits and special education expenditures but was offset by cost cutting measures that kept the increase in expenditures to less than 1%. The General Fund balance increased approximately 13% due to funding increases and cost control measures.
- The local option sales tax has allowed the District to avoid levying property taxes for debt payments. The district's PPEL (Physical Plant and Equipment Levy) will continue to provide additional funding for the next ten years. These supports, along with careful management, should assist the Collins-Maxwell School in remaining on solid financial footing for the foreseeable future.

OVERVIEW OF THE FINANCIAL STATEMENTS

This report consists of three parts: management's discussion and analysis (this section), the basic financial statements and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are government-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the government-wide statements.
- The statements for governmental funds explain how basic services, such as regular and special education, were financed in the short term, as well as what remains for future spending.
- The statement for proprietary funds offer short-term and long-term financial information about the activities the District operates like businesses, such as food services.

Other Supplementary Information provides detailed information about the non-major Special Revenue Funds

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

Figure A-1
Collins-Maxwell Community School District

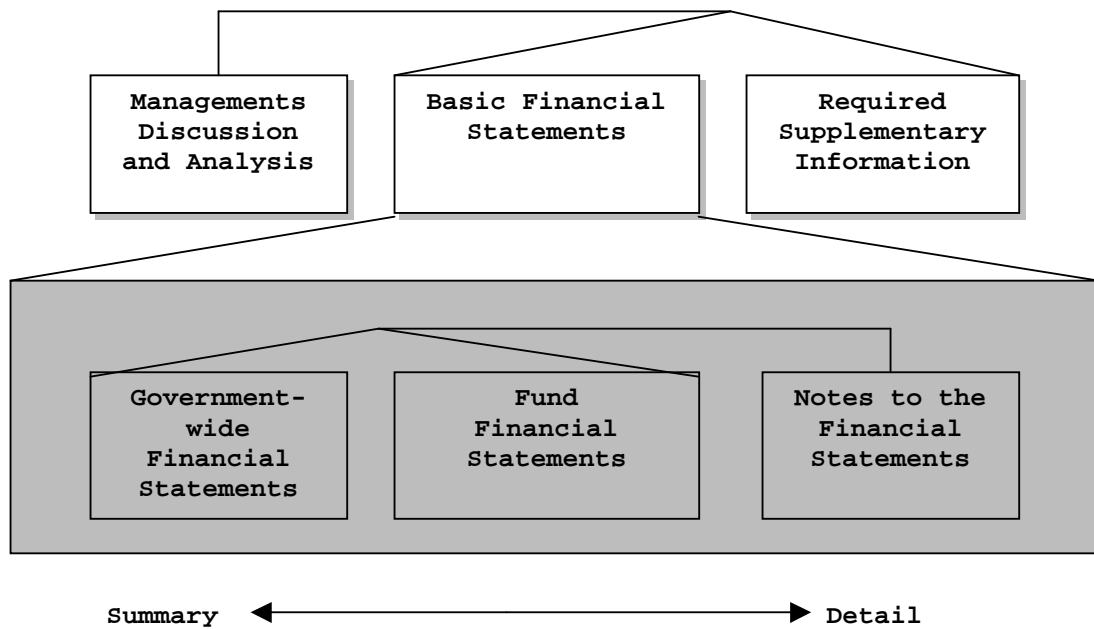

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of the management discussion and analysis highlights the structure and contents of each of the statements.

| Figure A-2 Major Features of the Government-wide and Fund Financial Statements | | | |
|---|--|---|---|
| | Government-wide Statements | Fund Financial Statements | |
| | | Governmental Funds | Proprietary Funds |
| Scope | Entire district | The activities of the district that are not proprietary, such as special education and building maintenance | Activities the district operates similar to private businesses, such as food service |
| Required financial statements | <ul style="list-style-type: none"> • Statement of Net Assets • Statement of Activities | <ul style="list-style-type: none"> • Balance sheet • Statement of Revenues, Expenditures, and Changes in Fund Balances | <ul style="list-style-type: none"> • Statement of Net Assets • Statement of Revenues, Expenses and Changes in Net Assets • Statement of Cash Flows |
| Accounting basis and measurement focus | Accrual accounting and economic resources focus | Modified accrual accounting and current financial focus | Accrual accounting and economic resources focus |
| Type of asset/liability information | All assets and liabilities, both financial and capital, short-term and long-term | Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included | All assets and liabilities, both financial and capital, and short-term and long-term |
| Type of inflow/outflow information | All revenues and expenses during year, regardless of when cash is received or paid | Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable | All revenues and expenses during the year, regardless of when cash is received or paid |

REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

The two government-wide statements report the District's net assets and how they have changed. Net assets – the difference between the District's assets and liabilities – is one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net assets are an indicator of whether financial position is improving or deteriorating respectively.
- To assess the District's overall health, you need to consider additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the government-wide financial statements, the District's activities are divided into two categories:

- **Governmental activities:** Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- **Business-type activities:** The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

- Some funds are required by state law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds or to show that it is properly using certain revenues such as federal grants.

The District has two kinds of funds:

- 1) **Governmental funds:** Most of the District's basic services are included in governmental funds, which generally focus on (1) how much cash and other financial assets can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information at the bottom of the governmental funds statements explains the relationship (or differences) between them. The District's governmental funds include the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Fund.
- 2) **Proprietary funds:** Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide statements. The District's enterprise funds (one type of proprietary fund) are the same as its business-type activities but provide more detail and additional information, such as cash flows. The District currently has one enterprise fund, the School Nutrition Fund.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

DISTRICT-WIDE FINANCIAL ANALYSIS

Net assets - Figure A-3 below provides a summary of the District's net assets for the year ended June 30, 2006 compared to June 30, 2005.

Figure A-3
Condensed Statement of Net Assets
(expressed in thousands)

| | Governmental Activities | | Business-type Activities | | Total School District | | Percentage Change |
|--|----------------------------|--------------|-----------------------------|-----------|--------------------------|--------------|----------------------|
| | June 30, | | June 30, | | June 30, | | June 30, |
| | 2006 | 2005 | 2006 | 2005 | 2006 | 2005 | 2005-2006 |
| | \$ | \$ | \$ | \$ | \$ | \$ | |
| Current assets | 3,492 | 3,195 | 51 | 54 | 3,543 | 3,249 | 9.05% |
| Capital assets | 4,131 | 4,162 | 8 | 8 | 4,139 | 4,170 | -0.74% |
| Total assets | <u>7,623</u> | <u>7,357</u> | <u>59</u> | <u>62</u> | <u>7,682</u> | <u>7,419</u> | <u>3.54%</u> |
| Current liabilities | 1,406 | 1,404 | 3 | - | 1,409 | 1,404 | 0.36% |
| Non-current liabilities | 2,435 | 2,630 | - | - | 2,435 | 2,630 | -7.41% |
| Total liabilities | <u>3,841</u> | <u>4,034</u> | <u>3</u> | <u>-</u> | <u>3,844</u> | <u>4,034</u> | <u>-4.71%</u> |
| Net Assets | | | | | | | |
| Invested in capital assets, net of related debt | 1,696 | 1,532 | 8 | 8 | 1,704 | 1,540 | 10.65% |
| Restricted | 560 | 449 | - | - | 560 | 449 | 24.72% |
| Unrestricted | <u>1,526</u> | <u>1,342</u> | <u>48</u> | <u>54</u> | <u>1,574</u> | <u>1,396</u> | <u>12.75%</u> |
| Total net assets | <u>3,782</u> | <u>3,323</u> | <u>56</u> | <u>62</u> | <u>3,838</u> | <u>3,385</u> | <u>13.38%</u> |

The District's combined net assets were larger at June 30, 2006 than June 30, 2005. The increase occurred as a combined result of increased revenues and cost cutting measures in the General and Capital Projects Funds.

Changes in net assets - figure A-4 shows the changes in net assets for the year ended June 30, 2006 and 2005.

Figure A-4
Change in Net Assets
(expressed in thousands)

| Non-instructional programs | - | - | 161 | 154 | 161 | 154 | 4.55% |
| Other expenses | 490 | 474 | - | - | 490 | 474 | 3.38% |
| Total expenses | <u>4,489</u> | <u>4,547</u> | <u>161</u> | <u>154</u> | <u>4,650</u> | <u>4,701</u> | <u>-1.08%</u> |
| Change in net assets | <u>459</u> | <u>226</u> | <u>(6)</u> | <u>(1)</u> | <u>453</u> | <u>225</u> | <u>101.33%</u> |

Property tax and unrestricted state grants account for 67% of the total revenue. The District's expenses primarily relate to instruction and support services which account for 87% of the total expenses.

Governmental Activities

Revenues for governmental activities were \$4,773,289 and expenses were \$4,547,325.

The following table presents the total and net cost of the District's major governmental activities: instruction, support services and other expenses.

Figure A-5
Total and Net Cost of Governmental Activities
(expressed in thousands)

| | Total Cost of Services | | | Net Cost of Services | | |
|------------------|------------------------|--------------|---------------------|----------------------|--------------|---------------------|
| | 2006 | 2005 | Change 2005-2006 | 2006 | 2005 | Change 2005-2006 |
| | \$ | \$ | | \$ | \$ | |
| Instruction | 2,794 | 2,736 | 2.12% | 2,097 | 2,158 | -2.83% |
| Support Services | 1,205 | 1,337 | -9.87% | 1,193 | 1,320 | -9.62% |
| Other expenses | <u>490</u> | <u>474</u> | <u>3.38%</u> | <u>302</u> | <u>319</u> | <u>-5.33%</u> |
| Totals | <u>4,489</u> | <u>4,547</u> | <u>-1.28%</u> | <u>3,592</u> | <u>3,797</u> | <u>-5.40%</u> |

- The cost financed by users of the District's programs was \$218,048.
- Federal and state governments subsidized certain programs with grants and contributions totaling \$544,078.
- The net cost of governmental activities was financed with \$1,286,583 in property tax, \$2,063,105 in state foundation aid, and \$38,926 in interest income.

Business-Type Activities

Revenues of the District's business-type activities were \$154,907 and expenses were \$160,855. The District's business-type activities include the School Nutrition Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements and investment income.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As previously noted Collins-Maxwell Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds, as well. As the District completed the year, its governmental funds reported a combined fund balance of 3,782,197, a fourteen percent increase over last year's ending fund balances of \$3,322,956. The majority of the increase resulted from the increases in General and Capital Projects Fund balances.

Governmental Fund Highlights

- Great support from the music booster, the athletic boosters, and Partners in Education group provided outstanding supplementary support for our students. Especially to be noted is the expansion to the elementary playground donated by PIE to be completed this summer.
- The district was successful in maintaining Adequate Yearly Progress academically to remain off the No Child Left Behind watch list for becoming a School in Need of Assistance as federally defined.
- An after-school program and summer school program were implemented in the spring and summer of 2006 with over \$3,500 funding for each program from grants through the Story County Decategorization and Empowerment Projects.

- The administrative team was realigned and downsized by one full-time person to allow additional funding to be allocated toward direct classroom instruction.
- A part of the media center was made into a classroom to provide space to separate the previous middle school resource room that housed two classrooms.
- Four elementary classrooms were painted as well as the bathrooms and lunchroom in the elementary building.
- Greg Luttenegger, secondary math teacher, was recognized as the Wal-Mart Teacher of the Year and received \$1,000 to be used for school supplies.
- Fifteen new laptop computers were purchased as well as teacher and office software and hardware.
- Requirements of the Family Medical Leave Act and the Fair Labor Standards Act were implemented with appropriate changes made in current mode of operation.
- Our webpage capabilities were greatly enhanced with the addition of PaySchool and links to pertinent areas.
- Sixteen new arm chairs were purchased for the secondary vocal music department.
- Two new 65 passenger Thomas buses were purchased to avoid the significant price increase slated for January of 2007 when emission standards tighten.
- A boiler feed tank preheater was installed in Maxwell. Additional insulation was placed on the boiler and pipes in the boiler room as well. Projections are that increased efficiency will pay for the project in approximately three years. Rebates of over \$2,600 were secured to assist in funding the project.
- Forty-two windows have been approved for replacement between the two buildings to aid in energy conservation.
- Twenty-one windows will be enclosed and insulated in our K-12 operation.
- A new water heater for the Maxwell building was installed.
- The district changed to a new telephone plan. Even with the toll calls between Maxwell and Collins that did not previously exist, payments have dropped to nearly half of the previous amount.
- A used stove was purchased for the Maxwell kitchen.
- ChaMps, a new leadership group, was formed from the previous SADD group and students who attended the summer Get-A-Grip Leadership Camp.
- A local chapter of the Fellowship of Christian Athletes was formed.
- The district complied with the food service inspector's requirements of adding a hand-washing sink as well as replaced malfunctioning plumbing in Maxwell's kitchen.
- Long range transportation and infrastructure plans were adopted with appropriate action taken to keep our vehicles and buildings safe and up-to-date.
- A three-point fertilizer spreader and aerator were purchased for grounds maintenance.
- A 16x32 foot addition to the football field crowd's nest in Maxwell for storage and safer access to the announcer's booth was completed.
- An indoor batting cage was fashioned in the Collins gym for off-season and inclement weather practice.

- New scoreboards with remote controllers were purchased and installed at the softball and baseball fields.
- The softball backstop as well as the wings between the backstop and dugouts were replaced.
- A new softball batting cage was purchased for erection in Collins.
- New gates provide additional safety as the baseball diamond.
- Special clay was purchased and put on the pitcher's mound for the baseball field.
- The track in Collins received major renovation. The current surface was removed and compaction and grooming were done.
- Lights on the Maxwell football field were realigned which should significantly improve illumination on the field.

Proprietary Fund Highlights

The School Nutrition Fund balance decreased as expenses rose while revenues remained constant.

BUDGETARY HIGHLIGHTS

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds. Although the budget document presents functional area expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not at the fund or fund type level. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the GAAP basis of accounting. A schedule showing the original and final budget amounts compared to the District's actual financial activity is included in the required supplementary information section of this report. Since the District does not adopt a budget for individual funds, budgets for the General Fund and major Special Revenue Funds are not presented in the budgetary comparison on pages 35 and 36.

Legal Budgetary Highlights

The District's receipts were \$215,303 greater than budgeted receipts, a variance of 4%. The most significant variance resulted from the District receiving miscellaneous revenues that were larger than anticipated.

Total expenditures were less than budgeted, due primarily to the District's budget for the General Fund. It is the District's practice to budget expenditures at the maximum authorized spending authority for the General Fund. The District then manages or controls General Fund spending through its line-item budget. As a result, the District's certified budget should always exceed actual expenditures for the year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2006, the District had invested \$4.1 million, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-6) This represents a net decrease of 5% from last year. More detailed information about the District's capital assets is presented in Note 3 to the financial statements. Depreciation expense for the year was \$158,174.

The original cost of the District's capital assets was \$7,829,066. Governmental funds account for \$7,810,533, with the remainder of \$18,533 accounted for in the Proprietary, School Nutrition Fund.

Figure A-6

Long-Term Debt

At June 30, 2006, the District had \$2,435,000 in general obligation bonds outstanding. This represents a decrease of approximately 7% from last year (See Figure A-7). Additional information about the District's long-term liabilities is presented in Note 7 to the financial statements.

FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of existing circumstances that could significantly affect its financial health in the future:

- The SILO tax passed in Story County and money began to be received by the District in July of 2004. The majority of the District's students reside in Story County, thus passage there has the greatest financial impact on the District. This money is being used for property tax relief by using the money to pay for debt retirement rather than levying property taxes for that purpose.

- The District has experienced declining enrollment the past several years.
- Iowa law requires that unsettled salary negotiations for teachers go to mandatory arbitration. Invariably arbitrated settlements are higher than current levels of allowable growth in funding (not including the budget cuts after the contracts have been settled and people have been hired). A solution needs to be found.
- Health insurance continues to be a very costly item to the District. Even though concessions have been made by employees in regard to deductibles, and coinsurance, other solutions need to be found. The skyrocketing cost of health care and the insurance to cover the cost will soon be unattainable by many.
- Unfunded mandates are stretching the limits of not only the financial health of the District, but also the human resources aspect of the District.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Bonnie Mitchell, Business Manager, Collins-Maxwell Community School District, 400 Metcalf St, Maxwell, IA 50161.

COLLINS-MAXWELL COMMUNITY SCHOOL DISTRICT

Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances - Governmental Funds
to the Statement of Activities

Year ended June 30, 2006

| | | |
|---|------------------|-------------------|
| Net change in fund balances - total governmental funds (Exhibit E) | | \$ 287,101 |
| Amounts reported for governmental activities in the Statement of Activities are different because: | | |
| Income surtax receivable at June 30, 2006 is not recognized as income until received in the governmental funds, however it is shown as a revenue in the Statement of Activities. | | 2,635 |
| Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are reported in the Statement of Net Assets and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. Capital activity for the year is as follows: | | |
| Acquisition of capital assets | 126,201 | |
| Depreciation expense | <u>(156,630)</u> | (30,429) |
| Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. | | |
| General obligation bonds | | 195,000 |
| Interest on long-term liabilities in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due. | | <u>4,934</u> |
| Change in net assets of governmental activities (Exhibit B) | | <u>\$ 459,241</u> |

See notes to financial statements.

Non-cash investing, capital and financing activities:

During the year ended June 30, 2006, the District received federal commodities valued at \$11,936.

See notes to financial statements.

COLLINS-MAXWELL COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements

June 30, 2006

(1) Summary of Significant Accounting Policies

Collins-Maxwell Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve. The geographic area served includes the Cities of Collins and Maxwell, Iowa, and agricultural area in Jasper, Marshall, Polk and Story Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Collins-Maxwell Community School District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the District. Collins-Maxwell Community School District has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The District participates in a jointly governed organization that provides services to the District but does not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Story County Assessor's Conference Board.

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt that are attributable to the acquisition, construction or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources that are imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenses, including instructional, support and other costs.

The Debt Service Fund is used to account for the payment of interest and principal on the District's long-term debt.

The Capital Projects Fund is used to account for funds raised by the one cent School Infrastructure Local Option Sales Tax. These funds are being used for debt retirement and infrastructure expenses.

The District reports the following major proprietary fund:

The District's proprietary fund is the Enterprise, School Nutrition Fund. This fund is used to account for the food service operations of the District.

C. Measurement Focus and Basis of Accounting

The government-wide and the proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected with 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financial sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

The proprietary fund of the District applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Fund is charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statement of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property tax in governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking the budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2004 assessed property valuations; is for the tax accrual period July 1, 2005 through June 30, 2006 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April 2005.

Due from Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Capital Assets - Capital assets, which include property, furniture and equipment, are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

| <u>Asset Class</u> | <u>Amount</u> |
|-----------------------------------|---------------|
| Land | \$ 1,000 |
| Buildings | 10,000 |
| Improvements other than buildings | 10,000 |
| Furniture and equipment: | |
| School Nutrition Fund equipment | 10,000 |
| Other furniture and equipment | 10,000 |

Capital assets are depreciated using the straight line method over the following estimated useful lives:

| <u>Asset Class</u> | <u>Estimated Useful Lives (In Years)</u> |
|-----------------------------------|--|
| Buildings | 50 years |
| Improvements other than buildings | 20-50 years |
| Furniture and equipment | 5-15 years |

Deferred Revenue - Although certain revenues are measurable, they are not available. Available means collectible within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivables and other receivables not collected within sixty days after year end.

Deferred revenue on the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Compensated Absences - District employees accumulated a limited amount of earned but unused vacation for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees that have resigned or retired. The compensated absences liability is deemed to be immaterial at June 30, 2006.

Long-term liabilities - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Assets.

Fund Equity - In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Restricted Net Assets - In the government-wide Statement of Net Assets, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

E. Budgeting and Budgetary Control

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2006, expenditures in the other expenditures function exceeded the amounts budgeted.

(2) **Cash and Pooled Investments**

The District's deposits in banks at June 30, 2006 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The District had no investments at June 30, 2006.

(3) **Capital Assets**

Capital assets activity for the year ended June 30, 2006 is as follows:

| | Balance Beginning of Year | Increases | Decreases | Balance End of Year |
|--|---------------------------------|-----------------|-----------|---------------------------|
| | \$ | \$ | \$ | \$ |

156,630

Business Type activities:

Food service operations

1,544

(4) Pension and Retirement Benefits

The District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, PO Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.70% of their annual salary and the District is required to contribute 5.75% of annual payroll. Contribution requirements are established by State statute. The District's contribution to IPERS for the years ended June 30, 2006, 2005, and 2004 were \$144,739, \$141,366, and \$138,147 respectively, equal to the required contributions for each year.

(5) Risk Management

Collins-Maxwell Community School District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(6) Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$154,124 for year ended June 30, 2006 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

(7) Long-Term Liabilities

Changes in long-term liabilities for the year ended June 30, 2006 are summarized as follows:

| | <u>General Obligation Bonds</u> |
|---------------------------|---|
| Balance beginning of year | \$2,630,000 |
| Additions | - |
| Reductions | <u>195,000</u> |
| Balance end of year | <u>\$2,435,000</u> |

General Obligation Bonds Payable

Details of the District's June 30, 2006 general obligation bonded indebtedness are as follows:

| <u>Year Ending June 30,</u> | <u>Interest Rate %</u> | <u>Principal \$</u> | <u>Interest \$</u> | <u>Total \$</u> |
|-------------------------------------|--------------------------------|-------------------------|------------------------|---------------------|
| 2007 | 3.00 | 255,000 | 80,800 | 335,800 |
| 2008 | 3.00 | 260,000 | 73,150 | 333,150 |
| 2009 | 3.25 | 275,000 | 65,350 | 340,350 |
| 2010 | 3.25 | 280,000 | 56,413 | 336,413 |
| 2011 | 3.40 | 285,000 | 47,312 | 332,312 |
| 2012 | 3.40 | 295,000 | 37,623 | 332,623 |
| 2013 | 3.40 | 300,000 | 27,592 | 327,592 |
| 2014 | 3.55 | 310,000 | 17,393 | 327,393 |
| 2015 | 3.65 | <u>175,000</u> | <u>6,387</u> | <u>181,387</u> |
| Total | | <u>\$2,435,000</u> | <u>412,020</u> | <u>2,847,020</u> |

(8) Interfund Transfers

The detail of Interfund transfers for the year ended June 30, 2006 is as follows:

| <u>Transfer to</u> | <u>Transfer from</u> | <u>Amount</u> |
|--------------------|----------------------|------------------|
| Debt Service | Capital Projects | <u>\$335,000</u> |
| | | <u>\$335,000</u> |

Transfers generally move revenues from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

COLLINS-MAXWELL COMMUNITY SCHOOL DISTRICT

Notes to Required Supplementary Information - Budgetary Reporting

Year ended June 30, 2006

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standard Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds, except Private Purpose Trust and Agency Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on a GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not by fund. The Code of Iowa also provides that District expenditures in the General Fund may not exceed the amount authorized by the school finance formula.

During the year ended June 30, 2006, expenditures in the other expenditures function exceeded the amount budgeted. The District did not exceed the General Fund unspent authorized budget.

**Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance
with Government Auditing Standards**

To the Board of Education of the
Collins-Maxwell Community School District:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Collins-Maxwell Community School District as of and for the year ended June 30, 2006, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued our report thereon dated August 21, 2006. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Collins-Maxwell Community School District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the District's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in Part I of the accompanying Schedule of Findings.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we believe item 06-I-A is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Collins-Maxwell Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part II of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2006 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Collins-Maxwell Community School District and other parties to whom Collins-Maxwell Community School District may report, including federal awarding agencies and pass through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Collins-Maxwell Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

BRUCE D. FRINK
Certified Public Accountant

August 21, 2006

COLLINS-MAXWELL COMMUNITY SCHOOL DISTRICT

Schedule of Findings

Year ended June 30, 2006

Part I: Findings Related to the General Purpose Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

REPORTABLE CONDITIONS:

06-I-A Segregation of Duties - During our review of the internal control structure, the existing procedures are evaluated in order to determine that incompatible duties, from a control standpoint, are not performed by the same employee. This segregation of duties helps to prevent losses from employee error or dishonesty and therefore maximizes the accuracy of the District's financial statements. We noted that one individual has custody of receipts and performs all record-keeping and reconciling functions for the office.

Recommendation - We realize that with a limited number of office employees, segregation of duties is difficult. However, the District should review the operating procedures of the office to obtain the maximum internal control possible under the circumstances.

Response - We will review procedures and investigate available alternatives.

Conclusion - Response acknowledged.

Part II: Other Findings Related to Required Statutory Reporting:

06-II-A Official Depositories - Official depositories have been approved by the District. The maximum deposit amounts approved were not exceeded during the year ended June 30, 2006.

06-II-B Certified Budget - Expenditures for the year ended June 30, 2006 exceeded the amended certified budget amounts in the other expenditures function.

Recommendation - The certified budget should have been amended in accordance with Chapter 24.9 of the Code of Iowa before expenditures were allowed to exceed the budget.

Response - Future budgets will be amended in sufficient amounts to ensure the certified budget is not exceeded.

Conclusion - Response accepted.

06-II-C Questionable Disbursements - No expenditures that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.

06-II-D Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.

06-II-E Business Transactions - No business transactions between the District and District officials or employees.

06-II-F Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.

COLLINS-MAXWELL COMMUNITY SCHOOL DISTRICT

Schedule of Findings

Year ended June 30, 2006

Part II: Other Findings Related to Required Statutory Reporting:
(continued):

- 06-II-G Board Minutes - No transactions requiring Board approval which had not been approved by the Board were noted.
- 06-II-H Certified Enrollment - No variances in the basic enrollment data certified to the Department of Education were noted.
- 06-II-I Deposits and Investments - No instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy were noted.
- 06-II-J Certified Annual Report - The Certified Annual Report was filed with the Department of Education timely and we noted no significant deficiencies in the amounts reported.
